Tyre Trade News

High Performance Feature Copy

Within the **World of Infinity** tyres, the "Hero" product from the Infinity range of High Performance tyres is the **INF-050**.

The Infinity range of tyres is distributed exclusively in the UK by Bond International.

The INF-050 is currently available in 20 sizes with a further 4 new sizes due to be introduced in 2010.

The current range portfolio is as follows:

205/40R17	205/45R16	205/45R17	205/50R16	205/50R17	205/55R16
215/40R16	215/40R17	215/45R17	215/50R17	215/55R16	225/40R18
225/45R16	225/45R17	225/50R16	235/40R17	235/40R18	235/45R17
235/60R16	245/40R17				

New sizes for 2010 are:

225/55R17Y

225/50R17Y

245/45R18Y

245/40R18Y

Along with the Infinity brand, the INF-050 has an increasingly strong reputation for value, quality and dependability.

It has the following features and benefits:

- ✓ **UHP rated**
- ✓ Distinctive high performance pattern offering lateral skid prevention
- ✓ Available up to 18 inch size
- ✓ Superior wet road handling and resistance from aquaplaning through good drainage
- ✓ Tread wear resistance increases overall life of tyre
- ✓ Versatile traction for on and off road driving

Developed and manufactured under licence by the Al Dobowi Group, Infinity tyres represent an excellent option for premium economy tyres.

Bond International - with a nationwide, comprehensive logistics and telesales operation – enables Infinity to offer both tyre quality and strong distributor support across the whole of the UK.
